

Latest Fashion tendencies as expressed in the Fall Styles

In general, the styles this season are more becoming than they have been for many a day, and are distinguished by graceful lines.

The new silhouette shows a tendency toward the normal waistline, and is given variety in the suits by the use of the cape coat and the moderately fitted coat, and by the many styles of skirts.

The suit coats this season are particularly interesting. They are longer than last season's models. The long tunic accentuates the length of the coat in many cases and gives the length of line so sought for this season.

Many skirts are made with tunics, either straight or plaited. The under or lower skirt is just wide enough to permit comfortable walking. The skirts are somewhat shorter, too.

A decided feature of the separate coat will be the cape-coat, developed in a variety of novel forms. All have the popular flare effect at the bottom.

Sleeves show greater eccentricity than ever—the set-in sleeve is back again, together with variations of the kimono and cape effect.

In collars—the Gladstone and new Military collars are the most popular, and it's remarkable how well they have been developed in the heavier materials.

The Bishop models on display at your store embody these new style features in a way wonderfully becoming, and not in the least extreme. Come in and stay as long as you like looking over these charming styles. We'll be glad to help you select the one that suits you best.

BRODHEAD.

The teachers and citizens of the Brodhead Graded School District will open a Moonlight school at the school building in Brodhead Monday night Oct. 5, 1914. Interested parties are requested to be present at 7:00 p. m. The faculty of the school are also making plans for a school fair to be held at the school building early in November. Mr. and Mrs. Elmer Payne, of Eubanks, were with relatives and friends here several days last week. Mr. and Mrs. Walter Elder, were with his parents, Mr. and Mrs. Jacob Elder last week. Mr. and Mrs. Elder in Eubanks, and this is their first visit to Brodhead for two years. Cash Herrin, of Wellborn, Pulaski county, was here several days last week on account of the serious illness of his sister, Mrs. J. W. Proctor. Mr. and Mrs. Geo. Pean, of Indianapolis, Ind., were visiting Mr. and Mrs. Lee Coffey last week. Mr. and Mrs. A. E. Albright, and little daughter Worth, were in Cincinnati last week. Mr. Albright was buying goods for his fall and winter trade. The Rockcastle Milling Co. started their milling plant at 6 o'clock Friday evening, and have been running day and night since that time. They claim to be so far behind with orders that they will be compelled to run solid time until they catch up. The singing that was to have begun last Saturday night at the Christian church will begin next Saturday night. Every body cordially invited to attend. Mr. and Mrs. Chas. Riddle and children were with his parents at Walnut Grove last Sunday. Steve Proctor has been with his mother a greater part of the time for the past week or more. Mrs. Proctor is very low, and not expected to live but a few days at most. A number attended the Circus at Mt. Vernon Tuesday from here. Mr. and Mrs. Brack Durham were with her parents,

Mr. and Mrs. D. B. Albright, during the week. Miss Gertrude Roberts who has been sick so long is slowly improving. Mr. and Mrs. Ben Pike are here for a few days from Casey. Frank Brooks was in town Wednesday for a short time. Mr. and Mrs. E. R. Gentry were the guests of Cashier and Mrs. A. M. Hiatt Sunday afternoon. The Rev. R. B. Baker held regular services at the Christian church Saturday and Sunday. J. W. Tate and Ed Brooks were in Louisville the latter part of last week to witness the closing series of 1914 base ball. The Brodhead Roller Mill Co.'s plant was closed a few days this week on account of a bursted flue, and if any one doubts that "Chuck" Frith really performs manual labor, a photo of himself during this breakdown would have settled the matter fully. Yes they say that the little bald spot on the top of his head was just as black as his face, but the fellow who did the work might have dried his hands on the long locks of Chuck's hair. We never thought of that until now. County Attorney and Mrs. E. R. Gentry, of Mt. Vernon, Miss Hamie Estes, of Ransonsville, N. Y., and Cecil Reynolds, of Corbin, were in town a short time Wednesday. Don't forget that the singing begins next Saturday evening and the moonlight school next Monday night. Those that can should come to the singing and those who cannot read and write should attend the night school. The fellow who lets such opportunities pass by will one day say, "If I only had." Prof. Pilkerton principal of Brodhead Graded School, is fast showing himself to be the man of the hour. Every department of the school is working like clock work. We hear no kicking from any one, but on the other hand we hear compliments from many. He is demonstrating his progressiveness more and more every day, and we feel sure

that the moonlight school as well as the school fair will prove a very successful project. We hope that no patron will forget that he (Pilkerton) has a right to expect your loyal support, and that there are many ways that this support can be administered. Ask him how you can aid him.

State Aid For Roads In Rockcastle County

The Kentucky Legislature of 1914 passed a law creating a State fund for the purpose of assisting the various counties of the state in building better roads. For the support of this fund they provided a tax levy of five cents on One Hundred Dollars of taxable property in the county, beginning with the assessment for 1915. That means that next year and each year thereafter the property owners in Rockcastle County will pay into this state fund five cents on each One Hundred Dollars of the \$3,000,000.00 of taxable property in the county, amounting to \$1,500.00. The law further provides that any county that will undertake the construction of better roads and will put up one half the state will pay the other half, and that the state will make a survey of the road, furnish plans and specifications and submit an estimate of cost, at the expense of the state, unless there should be more work of this kind than the regularly employed engineers can do, in which case the state will pay half and the county half of this expense. The law also provides that no county can use more than 2 per cent of this state money in any one year, which is a safeguard against the wealthy counties appropriating too much of this fund and thus crowd out the poorer counties like Rockcastle. There is, in Kentucky, \$1,200,000,000.00, worth of taxable

property. Five cent on each \$100.00 would raise \$600,000.00, which will go into that road fund at Frankfort each year at the present property value. Two per cent of \$600,000.00 is \$12,000.00. That means that if Rockcastle County will put up next year Twelve Thousand Dollars, or any smaller amount, that the state will put up an equal amount, thus giving us Twenty Four Thousand Dollars to spend on our roads next year and every other year that we will do the same thing. There is another wise provision of this law.

One great trouble with road building in Kentucky, has been the lack of system. This law provides that in order to secure this state aid, the money must first be used in building roads connecting county seats. Think what it would mean to Rockcastle County to have a splendid road leading into our county from every county seat around us. And then, after they are built, we can use the same means to build other roads in the county. If we will take advantage of this opportunity, in less than ten years, we can have a splendid system of pikes connecting every part of the county. But, you say that the county cannot raise this Twelve Thousand Dollars. No, it cannot do it by taxation, because the Fiscal Court can only levy 25 cents on the Hundred Dollars for road purposes, but are there not enough wide awake men and women along these various routes who own property in this county to subscribe what the county cannot raise? At one time there was offers from people along certain roads in the county to subscribe half the amount, if the county would put up the other half, but then we could not do that, but now if the people will subscribe one fourth, we can build them and I believe they will do it. One man has told me that he will give a Thousand Dollars on the road to the Lincoln county line. I am sure that the Fiscal court, if they will, can keep the roads of the county in its good shape as they now are and have at least \$6000.00 surplus to put into this work next year. The question now before us is: What are we going to do about it? We are going to have to begin next year to pay that \$1,500 into the state treasury, whether we get any back or not. Are we going to sit down and see that money go to build roads in other and more wide awake counties? Or are we going to work and get \$12,000 for every time we put \$1,500.00. If we do not take advantage of the opportunity, our part will go back into the general fund the following year and be distributed among the counties that do apply for it. It is a golden opportunity for the poor counties of the state. Jefferson county which will pay into this fund \$120,000 every year cannot get one cent more out than Rockcastle County, if we do our part. The question is up to you: Are you going to get behind your Fiscal Court and ask them to apply for this money from the state? They will do it, if you ask them. They are men of intelligence; men who know a good thing when they see it; business men, but they are your representatives and they do not want to do a thing that the people oppose. I cannot build roads. I do not even have a vote in the action of the Fiscal Court. I am no more in this movement than any other citizen of the county and that is why I am writing you this article, but let's ask our Fiscal Court to begin right now to get ready for this good work next year. If we ever have roads in Rockcastle, we must begin sometime, somewhere and why not now?

LIVINGSTON.

Born to the wife of L. M. Oliver on the 28th inst, a fine baby girl. Miss Annie Parson and Rice Walton were called to Quail, Friday, on account of the death of Melvin Owens. I. W. Catlin was with home folks at Lebanon, Sunday. W. H. Ponder, Theo Graves and Adam Bryant, attended the show at Mt. Vernon, Tuesday. Walter Nicoley was in Mt. Vernon, Tuesday. Conn Asher, of Berea is visiting his sister, Mrs. L. H. Davis. J. H. Owens is very sick at this writing. Miss Loucinda Hellard, the belle girl of Mt. Vernon, was with home folks, Sunday. Mrs. A. Pennington is very sick at this writing. Mrs. Robt. Schroeder, who has been very sick for the past few days, is greatly improved. Mr. and Mrs. W. H. Brown, of Mt. Vernon, were here Sunday to see Mrs. Brown's mother, Mrs. A. Pennington. Mrs. Brown remained a few days with her mother. Our school began Monday with Prof. Wilson, of Lebanon Junction, as principal, and Miss Tempest Ward, of Brodhead, Mrs. Georgia McClure, of this place, and John Leat, of Mt. Vernon, as assistants. We hope and look for a good school. Mr. and Mrs. W. M. Baker, of Mt. Vernon, were here Sunday with relatives. Miss Pearl Anglin, of Mt. Vernon, has been visiting relatives here for a few days. J. E. Woodall, the all around salesman, of London, was here Tuesday. Miss Annie Baker, after a few days' visit with relatives here, has returned home to Mt. Vernon. Mr. and Mrs. P. W. Durbin, of Winchester, after spending a few days with relatives here, have returned home. A party of our young folks visited the noted lettered rock, Sunday afternoon. The party was composed of the following: Misses Adna Hansel, Mary Anderson, Bessie Owens, Ellen Langley, Margaret Singleton, Messrs. Sam Hellard, McCormack Martin, Will Singleton, Edgar Cottongim and Reece Wam. Chaparones were Mrs. J. E. Singleton, and Mrs. D. H. Owens. All expressed themselves well pleased with their trip, while they added their names to the already long list which are cut or written in the face of this wonderful rock which many hundred visit every year. The Rev. D. Edgar Allen, of Mt. Vernon, filled his regular appointment at the Baptist church, Saturday and Sunday. Harbot Nicoley was in Mt. Vernon, Tuesday. Mrs. John Mullins has returned home after a few day's visit with relatives at Mt. Vernon. J. A. Childress was in Mt. Vernon, Monday. W. B. Bullock, after a two week's stay in our little city, has returned to Lebanon, Ky. At a meeting of the Baptist people, Sunday, on Sand Hill, steps were taken to erect a church house at that place. A subscription was started and the good work is progressing nicely. Mrs. W. H. Krueger is in Mt. Vernon for a few days. T. J. Pennington has opened up a stock of goods in the Luther Manus, property and is now ready to use the yard stick and scales alright. T. J., the more the merrier and competition is the life of the country. L. H. Davis has been putting his large stock of goods in his new store room which is a peach and an honor to our town. Walter Browning was with home folks Sunday. Kirt Leslie was in Mt. Vernon Tuesday to see the big show. Jas. Maguire of Paris, is visiting relatives here this week. The writer was in Mt. Vernon Tuesday and while there visited the picture show in company with S. C. Franklin and occupied an exalted position while there. We mean a seat between S. C. Franklin and our old friend James Maret. We had a love feast together but perhaps before we were out of town they were gathering up their artillery and preparing to wage war on the innocent. We hope the treaty of peace, that we have made, will never be broken. J. B. Jones has returned from Bloomington, Ill., after a week's visit. Atty. Ed Gentry and Dr. Walker Owens of Mt. Vernon, were here Monday. Mr. Gentry was interested in a law suit here on that date.

The eighteen months' old child of Mr. and Mrs. Grover Johnson, of the Burr vicinity died Wednesday of last week and was buried next day at the Maret burying ground near Wildie. Mr. and Mrs. Johnson have the sympathy of the entire community in their great loss.

John H. Fish, who has been Chief Train Dispatcher of the Henderson Division of the L. & N. for two years, has been promoted to Assistant Master of trains of that road. John is located at Burlington, Ky. His many friends at home are glad to hear that he is making good.

OWENS:—Melvin Owens, aged 26, a son of William Owens, of the Quail sect, died last Friday morning after an illness of three months. The deceased first took typhoid, which developed in consumption, causing death. Young Mr. Owens was a model young man, with many splendid traits of character and we join with the host of friends in deeply mourning the untimely death of this noble young man. He leaves a wife who was Miss Stringer, a daughter of Mr. John Stringer. The burial took place at Providence burying ground Saturday.

Ed Langford, son of Mr. and Mrs. Tip Langford died Wednesday after an illness of many months and much suffering. The deceased had been a sufferer for years of tuberculosis and nothing that medical skill could do brought any relief. Short services were conducted at the grave yesterday afternoon by Rev. Allen, of the Baptist church, who in his remarks very correctly referred to the deceased, as an almost model young man. To the bereaved parents we extend our sincere sympathy in this hour of sad bereavement.

Grow More Wheat, Farmers Are Told.

As a result of the demands that will be made upon the agricultural resources of the United States on account of the war, B. & O. railroad has started a movement to influence American farmers to increase their acreage of crops and adopt extensive methods to enlarge the yield. A. B. & O. agricultural expert, J. H. Stewart, says it is practicable for farmers to increase food production by at least 15 per cent, thus adding to the nation's wealth by about \$1,000,000,000.

An appeal is being made to the farmers to sow a large acreage of winter wheat and oats while there is yet time. It will be pointed out that additional corn land can be sown in wheat in the corn belt to bring about a 15 per cent increase without materially interfering with other crops.

The B. & O. is equipped to assist all who want advice and to give demonstrations.

Mr. E. Bullock of Hanford, the saddle and harness salesman, is also something of a farmer and can boast of having a crop of corn unexcelled in but few counties of the state. He brought to town Tuesday, an ear of corn which measured 12 inches long, 9 1/2 inches at butt, 7 1/2 inches tip, 18 rows of corn, with 56 grains to the row, making a total of 1008 grains; weight 2 lbs and 2 oz. Mr. Bullock has sixty acres of this corn and the entire crop compares favorably to this ear. He attributes his splendid success to the right kind of seed corn, and of course the ground was prepared right, the corn planted and fertilized as it should be and was cultivated in a manner to get the best results. There are any number of farmers in Rockcastle who can make something of a similar report while there are some who hold to the idea that the way father or grandfather raised corn, is still good enough for me and the result, it is nibbles they get and not corn.

Why Not Publish It?

When you want a fact to be come generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. The have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by all dealers.

APPLY SLOAN'S FREELY FOR LUMBAGO.

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's which penetrates quickly all the way through the sore, tender muscles, limber up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

Why Definiteness Pays In Advertising

Here and there one finds a merchant who says he has tried advertising but never made it pay. The chances are ten to one that he simply needs to study definiteness.

The principle of the specific fact and the specific instance, effect all writing and speaking. They make one man's advertising a partial failure, while another's is a money getter.

If one man visits a strange city, he comes back talking something like this: "It was fine, grand, splendid." His talk evaporates into vague, general phrases. The people that hear him know no more about that city than before. He has few listeners, whatever his subject of conversation may be.

Another man remarks about the same town, that it is full of buildings 20 stories high, that the streets were so crowded he had to wait ten minutes at one cross walk to get over, and that people were always in a hurry and the street railway conductors always said "Step lively."

After such a man has talked a few moments, you get some idea about the place he describes. You see it with your own eyes.

Every man who ever made a success as a newspaper writer has learned that you must give personal incidents and actual happenings to make any kind of news article interesting. If the reader can't see the thing with his own eyes, the copy won't sell.

Just the same in advertising. If you merely say "Best stock in town" the reader may or may not believe you. Try picking out the best values in your store, give a few details about them so the purchaser can get some idea what they are, then name the price. The reader then sees the bargain with his own eyes, is interested, and feels a desire to buy.

That is all there is to good advertising. It does not require wit, nor literary nor technical skill. Just "come down to brass tacks." Give the plain facts about an article as you would talk to a buyer over the counter. Try it and see!

YOUR FALL COLD NEEDS ATTENTION

No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your Cough and Cures your Cough away. Pleasant, Antiseptic and Healing. Children like it. Get a 50c. bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor" writes Lewis Chamberlain, Manchester, Ohio. Money back if not satisfied, but it nearly always helps.

The Only Home Product

Old man Grouch says: "The average Kentucky farmer buys canned and dried fruits and canned and dried other goods. He gets up at the alarm of a Connecticut clock, fastens Chicago suspenders to his Detroit overalls, washes his face with Cincinnati soap in a Pennsylvania washpan, sits down to a Grand Rapids table and eats Indiana hominy fried in St. Joseph lard on a St. Louis stove. Then he puts a St. Louis bridle on a Missouri mule and plows a farm covered by an Ohio mortgage. When bedtime comes he reads a chapter from a Bible printed in Chicago, says a prayer written in Jerusalem and crawls under a blanket made in New Jersey only to be kept awake by a Kentucky dog, which is about the only home-raised product on the place."

WHAT WOULD YOU DO?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and knows its value. Mrs. O. R. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

TONED UP WHOLE SYSTEM.

"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Sue Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by all dealers.

Newspaper Responsibility.

Josephus Daniels, secretary of the navy, in an address delivered Labor day to a press association, urged all editors to subordinate their news to the good of the country. He particularly felt, in this time of international strain, that newspapers should be very cautious what they print. This is good advice. But most people do not realize how largely editors are constantly following these counsels.

Controversies as to whether certain news should be published or not, almost always arise out of some individual's wrong doing. A man gets too free with the convivial hi-ball and festive companions, he punches some one in the face, and next morning has a headache and a complaint for assault and battery. After paying his fine, he calls around at the newspaper office. His fraternal feeling for the editor is marvellous and unaccustomed. Incidentally he wants to have his little case "kept out."

"It won't do any good to print it is the familiar plea. "No one is interested in it."

But no good purpose is served by the suppression of such incidents. Most men care little about fines, but they care a great deal about the public disgrace. If the newspaper screens them, they are twice as likely to make asses of themselves again.

It is a different story when the newspaper man comes in contact with police and other responsible public officials. If the newspapers printed all they know, many criminals would have the tip to buy tickets for Canada.

Most of the newspapers are handling tactfully the news of the war. They freely print both sides. They have a right to express an opinion as to the causes of the war. But newspapers of the safe-front type should reflect that it does not pay to dignify mere rumor just as if it were an authentic report. There are too many people who remember what you said the day before.

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

COUNTY COURT ORDER

Whereas on the 24th day of Aug. 1914 a petition was filed in the office of the County Clerk of Rockcastle County signed by 20 legal qualified voters of voting precinct No. 2, known as West Mt. Vernon asking a submission of the question, whether cattle or any species thereof shall be permitted to run at large in said voting precinct in said county. It is now ordered of the Court that a poll be opened in said voting precinct at the general election to be held in said precinct on the 3rd day of Nov. 1914 for the purpose of ascertaining the will of the voters of said Precinct upon the question whether or not cattle or any species thereof shall be permitted to run at large in said voting precinct.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

CARDUI
The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
